### MESSAGE

My dear colleagues,

As we are ending the Financial Year 2018-19 satisfactorily, I would like to thank each one of you for being a part of this family. I appreciate your hard work, commitment and dedication, which have been integral to BRO's progress and success.

2. Twenty eight years of operating in a sector such as ours, that is constantly and rapidly evolving, is an achievement that I am particularly proud of and honoured to be here, even more so to have done it on the back of our consistent strong values of financial discipline and high-quality service.

3. This was illustrated in our recent achievement where we have implemented SBI-CMP in almost all our Sub-Offices located in far flung and remote areas of the country. This achievement was possible because of our prudent strategy, great management team and the hard work of our staff. We have made impressive progress in Audit and Payment functions and smooth transition into a new environment created by GeM and GST regime. At this juncture, I also admit that there are some areas like Financial Advice, etc. where we need to put special efforts.

4. All these achievements come against the backdrop of a very difficult year, which saw an acute shortage of manpower which continues to keep pressure on our efficiency, followed by lack of communication facilities in far-flung areas where we work shoulder to shoulder with GREF and Service personnel. Despite this, our team members focussed on quality service and showed their talent to achieve the targets. I see next year with many more successes and great achievements.

5. On this occasion, I wish you and your families joy, warm memories and peace. We should be thankful for what we have, and remember to embrace our loved ones and be grateful for the feeling of having them around.

6. I wish everyone all the very best for the 'New Financial Year', filled with success, happiness and good health.

(J. LHUNGDIM)

Principal Controller of Defence Accounts (Border Roads)
