Sub:-Initiation of completion of Part "A" and Part "B" report.

Of late it has been observed from the physical and financial report that number of jobs have been shown as physically completed as 100%, but CR Pt "A" has not been shown/initiated. Similarly some jobs have been financially completed 100%, but CR Pt "B" has not been shown initiated against the jobs which has been objected by HQrs office and even PCDA has shown its displeasure on the issue.

In view of the above it is impressed upon all the concerned to render a report on the subject duly stating the reasons where the CR Pt "A & "B" has not been initiated instead of the jobs has been physically completed 100% and also where jobs has also been completed financially 100%. The status of the same for last three years may please be forwarded to this office by end of this month.
