Sub: Daily uploading of Punching Medium in New Compilation System (NCS).

HQrs Office vide letter no.Mech/EDP/326/New Comp, dated 08/07/2014. has issued instructions for uploading the PM data on daily basis by all the DDP Centers. The new system, i.e., 'DARPAN WEBSITE' has mainly been developed by HQrs Office for reducing the time lag and to provide current information instantaneously. So, if respective DDP Centers do not upload PM data on daily basis, the very purpose of developing new system gets defeated. The HQrs Office is now monitoring this aspect of loading of daily data of all the DDP Centers through their system. Any lapse found in this regard is being viewed seriously by the administrative authorities at HQrs CGDA and FA(DS).

You are, therefore, requested to send PM data on daily basis in respect of your office to Main Office by 1300 hrs everyday so that the daily data can be included in the Main Office daily data which are being regularly loaded through 'DARPAN WEBSITE' of HQrs Office. This may also please be ensured that any data once sent to Main Office should not be repeated during monthly Punching Medium to avoid double booking of the same.
