Sub: Settlement of objections pertaining to various Super review reports.

\*\*\*\*\*

It has been decided by the competent authority that, in order to ensure speedy settlement of all Super review points pertaining to various Projects & Task Forces under BRO, henceforth the replies/action taken reports submitted by the concerned units need not to be routed through the zonal offices for their recommendations. The settlement of these items will be considered by the Main Office on the basis of recommendations endorsed therein by AO (P)/ AOTF. However, while sending such replies/action taken report to the Main Office, a copy of the same may invariably be endorsed to the concerned zonal office for their monitoring. Copies of settlement memos issued by the Main Office will also be endorsed to the zonal office for updating their records.

Zonal offices are however requested to monitor the process of settlement of all outstanding Super Review points pertaining to different Projects/Task forces in their audit area, in a proactive manner to ensure that there is no undue delay at any level in sending replies to these outstanding points.
